## A FIGHT IN THE SENATE

BAILEY, OF TEXAS, ASSAULTS BEVERIDGE, OF INDIANA.

Seizes the Latter by the Throat and Attempts to Throw Him to the Floor-Esparated Before Serious Damage is Done-Trouble the Result of a Bitter

Washington, June 30 .- Senator Bailey of Texas assaulted Senator Beveridge of Indiana to-night just after the senate had adjourned from executive ses sion. The Texas senator was dragged away and separated from his opponent by some of those about the senate. He was very angry and threatened severe harm to the Indiana senator.

The episode was the result of a heated controversy which the two senators had during the afternoon when Senator Beveridge had said that Senator Bailey had made "an unwarranted attack" on Solicitor Penfield, like other senators who smoke, lighted a cigar and took a seat on the republican side. He was still sitting there when the senate adjourned. Senator Bailey crossed the aisle and walked through the seats until he was facing Senator Beveridge.

"Beveridge," he said, "I don't want to have any trouble with you, but I want you to withdraw those words which charge me with making an unwarranted attack upon Penfield."

"I didn't intend to insult you," replied Senator Beveridge, "and there is nothing in my language that you could con-

sider offensive." "I don't allow any one to say that I libel a man, and that is what you do in making the charge. Now, if you won withdraw the words when I ask you I'm

going to make you withdraw them." Senator Bailey had been getting more and more angry and excited as he talked. He had been sitting down part of the time or leaning against the desk immediately in front of Senator Beveridge. The latter in reply to Senator Bailey's last remark, still remaining in his chair, said: "I repeat that I did not intend to insult you, and that I have nothing to retract."

As these words were uttered Senator Bailey threw himself upon Senator Beveridge, who is a man hardly up to the average in physique and selzed him by the throat with both hands. The rush was so sudden and flerce that the chair in which Senator Beveridge was sitting as pushed back against a desk and was pushed back against a desk and the desk toppled over. Before the as-sault could go any further senators who had been sitting near had moved up between the desks. Senator Hansborough of North Dakota seized Senator Bailey by one arm and Senator Spooner seized the other. The Texas senator is a powerful man and it was with great difficulty that the two senaneckwear was ripped and torn away in Senator Beveridge and when they succeeded a part of the Indiana senator's neckwear was ripped andtown away in the vigorous grasp of Senator Bailey Senator Bacon of Georgia and Barney Layton, assistnt doorkeeper, came quickly forward and assisted in pulling the Texas senator further away. ator Bailey meanwhile struggling to get free and lunging toward Senator Beveridge. As he was removed a little distance he was heard to utter something that sounded like a threat about kill-

Without further effort, however, he walked away when Senator Bacon urged him to be quiet and led him toward the democratic side. Senator Bacon engaged Senator Bailey in conversation some time, advising him to cool down. Senator Spooner also went across the aisle and discussed the matter with the Texas senator, urging him to apologize, and if possible fix it up at once, but Senator Bailey refused all such proffers, declaring that Senator Reveridge had insulted him in the senate and that he had taken the only irse left, as the Indiana senator had refused to withdraw his remarks.

Senator Beverldge remain in the chamber for some little time and continued to smoke his cigar. He remarked to those who spoke to him on the subject that it did not amount to anything. He made no effort to resist or resent the attack made on him. In fact, the whole thing was over in a very brief interval before much resistance could have been offered.

Mr. Bailey early in the debate had offered a resolution calling for the papers in a Mexican mining case in which he maintained, Dr. Scott had been unfairly treated, not only by the Mexican courts but also by the American ambassador, Mr. Clayton, and the officials of the state department. Mr. Bailey declared Ambassador Clayton was either incompetent or dishonest, and his remarks led to some tart rejoinders.

Early in the session Mr. Elkins of Virginia delivered an earnest speech in favor of the annexation of Cuba, maintaining that it would be in the best interests of both countries. Mr. Elkins' remarks drew a sharp fire from Mr. Platt of Connecticut and Mr. Hanof Ohio, who deprecated any annexation proposition at this time, and urged that the United States ought to sensible of its obligations to the civilized world, if not to Cuba. After a lively colloquy in which General Wood criticised by inference for using funds to advance the reciprocity propaganda, Mr. Elkins' resolution for annexation was referred to the Cuban relations committee.

Among the bills passed was one giv ing Rear Admiral Schley the pay and allowance of a rear admiral on the active instead of the retired list of the

## DISBROW GIVES HIMSELF UP

YOUNG MAN WANTED TO SOLVE DROWNING MYSTERY.

Brought to Riverhead, Long Island, by His Counsel and is at Once Placed in Jail-Attorney Miles Declines to Say Where He Found His Client Except to Say He Met Him in New York.

New York, June 30 .- Louis Disbrow, for whom a warrant was issued last week by the authorities of Suffolk county, Long Island, in connection with the deaths by drowning of Sarah Lawrence and Clarence Foster, is now in jail at Riverhead, L. I. Attorney Rowland Miles, counsel for Disbrow, left Northport for this city early in the day and it was generally thought he had gone to meet his client, whose where-abouts have been carefully concealed from the public since the bodies of Miss Lawrence and Foster were found in Ti-

The drowning of the two young people has been a mystery which the county officials have for weeks been trying to clear up. All that was positively known was that the two with of any kind. (Signed) Disbrow had spent the greater part of the night at resorts in the eastern end of Long Island. There were stories told of a carousal. Foster and the girl dropped out of sight, Disbrow went to his home at Good Ground and then disappeared and three days later the bodies of Foster and the Lawrence girl were found floating in the bay not far from where the party of three had been last No one could be found to tell how they came to be drowned and there was a call for Disbrow to come forward to explain what he knew of the case. The coroner after an official examination of the bodies could find no trace of violence. Then in response to a public demand the district attorney and the coroner made an investigation and had an autopsy and again the report was there was no evidence of murder. Disbrow stayed away and at last a warrant was issued for him, Just what the warrant charges is not known.

Disbrow arrived at Riverhead late this afternoon from Long Island City, accompanied by his counsel. He was at once placed in the county jail, where he will be kept until to-morrow when he is to be given a hearing either at Southampton or Good Ground, Sheriff Wells refuses to allow anyone but the prisoner's immediate family and his counsel to see him to-night. Further than to intimate that he met Disbrow in New York city Attorney Miles refused to say where he found his client.

MISS JONES OF NEVADA.

Awarded Women's Tennis Championship-Miss Moore Defaults.

Philadelphia, June 30.-Miss Marian Jones, of Nevada, to-day won the women's tennis championship of the United States from Miss Elizabeth Moore by default. Miss Moore was taken sick on Saturday while playing her second set with Miss Jones, and play was postponed until to-day. Miss Moore's indisposition proved more serious than anticipated and she was unable to conclude the game. Miss Jones was thereupon declared champion.

### Waterbury Policemen Win.

Waterbury, June 30 .- In a spirited game here to-day, the second of a series to be played by the policemen's teams of the state for a silver trophy presented by P. J. Griffin, of Meriden, the club representing the Bridgeport department was beaten by the Waterbury team by the score of 12 to 9. The batteries were: For Bridgeport, Blansfield and Burns; for Waterbury, Cavanaugh and Dodds. Bridgeport made twelve hits to Waterbury's nine, but lost through loose field

### BRITAIN LIGHTED BY FIRES

JOY OF THE PEOPLE DEMON-STRATED LAST NIGHT.

At a Signal Three Thousand Bonfires Touched Off-Arrangements for the King's Dinner to the Poor of London Being Rapidly Completed-Improvement Still Maintained.

London, June 30 .- The general feeling of relief as a result of the favorable reports of the condition of the king vented itself to-night by the touching off of the three thousand bonfires throughout the United Kingdom, which were originally prepared to celebrate the coronation night.

The signal to light the fires was given at 9:05; a rocket was sent up from the June 30 .- General Cronje, the Boer comtop of the gigantic wheel in Earl's court and burst into a cloud of stars 1,000 feet tured by Lord Roberts at Paardeberg, overhead. In response to this signal bonfires rose from every elevation of any consequence from the Lizard to the Edward. Many of the remaining pris-Orkneys. The celebration was unfortunately somewhat dampened by a downfall of rain.

London was not illuminated. It had been hoped that the Mansion house, the Bank of England and Marlborough house would join in the celebration, all their illuminating stands being intact, but none of the official decorations was lit up. The display in London in this line was confined to the theaters, the hotels and the business houses on the Strand, Fleet street and other thorough-

There was quite a celebration at Spithead to-day, when the nearest approach to a review of the great fleet there was seen in the trip of several transports loaded with volunteers and colonial troops and a number of distinguished persons who inspected the empire's 'first line of defence."

The arrangements for King Edward's dinner to the poor of London, to be held July 5, are being rapidly completed. The Prince and Princess of Wales have arranged to visit a number of the localities where the poor are to be entertained, and if King Edward's condition continues to improve Queen Alexandra will probably make the rounds with them.

The only royal guest who left London to-day was the Chinese representative appointed to attend the coronation of the king, Prince Chen, who left for Os-

The following official announcement as made at Buckingham palace this afternoon:

"The king was lifted to a specia couch yesterday for a few hours. He was much benefited by the change, The queen is in constant attendance The king occasionally sees his children, but the interview is very short. The utmost quiet is enforced. The king sees no correspondence and is not approached on matters of state or business. Th king's courage and patience call for the greatest admiration. His wound, which is of considerable depth, is dressed at least twice daily from the bottom, as i is essential that it should heal from the bottom. The dressing causes considerable pain, which is borne with great fortitude. The temperature in the king's room is kept down by electric fans, which have proved of great value. Drs. Laking, Barlow and Treves have not left the palace since the operation was performed, except for an occasional hour.'

Also the Other American Students Who Boxed in London.

London, June 30 .- A large company assembled at the National Sporting club to-night to witness the boxing contests held in connection with the coronation sporting tournament between Harvard and Yale students and English amateurs. All the professional fighters who took part in the contests held last week were present to-night and in some cases they acted as attendants for the American students. All the amateur bouts resulted in victories for the Englishmen but the Americans gave remarkable dis-

plays of gameness. The first contest was between heavyweights. Dodge of Harvard was considerably smaller than his opponent, F. Parkes, of the Polytechnic Boxing club, who is the amateur heavyweigh champion. In the course of the second round both men landed a number of neavy blows. Dodge was the first to weaken, but he fought a resolute third round and at times looked decidedly dangerous. Parkes however, got the verdict on points and Dodge was vociferously applauded for his gallant stand, In the middleweight contest F. A. Wench of Yale met R. C. CONFERENCE REPORT ADOPTED BY THE HOUSE.

A Strict Party Vote With the Exception of McCall, of Massachusetts, Who Voted With the Democrats-Provisions of Bill as Finally Agreed Upon -Exposition Deficiencies Voted -- Adjournment Expected To-day.

Washington, June 0 .- With final adjournment probably to-morrow the house worked under high pressure from noon to-day until far into the night, The conference report on the Philippine civil government bill, which is considered the last obstacle in the way of adjournment, was adopted by a strict party vote with the single exception of Mr. McCall of Masssachusetts, who voted with the democrats.

The bill as finally agreed upon today provides for a Philippine legislature of two houses, one the Philippine commission and the other an assembly elected by the natives, except the Moros and Pagans. But this legislature is not to be created until after a census has been taken and a condition of general peace and good order shall have prevailed for two years. The legislature is to elect two commissioners to represent the islands in Washington. The powers of the legislature are defined and an extended bill of rights sets forth the individual rights of citizens and their protection against unjust

Authority is given to issue bonds for the purchase of the friar lands and when purchased these become part of the public domain. The public lands are to be open to homesteaders, similar to the American system and to prevent corporations from absorbing the lands, corporation holdings are limited to 1,024 hectatres or 2,500 acres. Corporations also are stringently regulated n holding mining and agricultural lands. The money standard and the permanent money system is left for future setitlement. The banking system is also postponed. Provision is made for subsidiary and minor coins. Authority is given to issue bonds for harbor and other improvements.

A partial report on the general deficiency appropriation bill was adopted and after a prolonged fight the house by a vote of 118 to 101 accepted the senate amendment to appropriate \$500 .-000 for the Buffalo exposition and then sent the bill back to conference. The senate amendments to appropriate \$160,000 for the Charleston exposition and \$1,000,000 to pay the Hawaiian Fire-Bubonic plague awards were defeated, the former by a vote of 71 to 118. Subsequently at the night session the

house reversed itself and assented to the senate amendment making an appropriation for the Charleston exposi-

At the evening session the Dick militia bill which is to be used as a stop gap for the remainder of the session while the house is waiting for conference reports, was taken up. The adjournment session is to be withheld until the conference report on the Philippine bill is adopted by the senate.

Volcano in Eruption.

Seattle, Wash., June 30 .- The steamer Bertha reached port to-day from Valdez and westward points. Mount Redoubt, which has been in an incipient stage of eruption since early spring, was not visible on account of the fog and it is not known what stage the outburt has reached. Mount Wraangel is in eruption. A despatch received at Valdez from Kotzina under date of June 21 says: "Mount Wrangel is in plain sight of here and great clouds of black smoke can be seen rolling up from her crest."

Connecticut Postmasters, Washington, June 30 .- In addition to

the nominations sent in to-day the senate also confirmed the following: Postmasters-Connecticut, H. Dryhuss, Meriden; H. O. Lemmon, Thomaston;

Says it Will Not Work as Men Know They Are Not to Return Exept in Body -President Nichols of District No. 1, Declares the Operators Have No Idea of Resuming Operations-Rewards Offered for Boycotters.

Wilkesbarre, June 30 .- National board nember, John Fallon, who is in charge of Mr. Mitchell's headquarters during his absence, stated to-night that he had information from the Lehigh region to the effect that several small coal companies in the vicinity of Hazleton had posted notices to-day requesting their former employes to apply for their old positions at once lest they should be given to new hands.

"In every strike," continued Mr. Falon, "this bait is thrown out to the strikers but it will not work in the present strike. No attention is paid to such notices. The strikers know that they are not to return to work as individuals but in a body. As soon as the operators grant the concessions asked for they will return in a body."

T. D. Nichols, president of district No. 1 United Mine Workers, says the coal companies have no idea of resuming operations asthey could not get a corporal's guard to work their mines.

The operators in the Pittston district say a number of their old men returned to work to-day and more have applied for work. At strikers' headquarters it was

stated that only five engineers applied for work. Following is the notice referred to above by Mr. Fallon which was sent out

by C. Pardee & Co. this morning: With a view of ending what we eem a hopeless and uncalled for strike, an opportunity of resuming work at our Harwood colliery is hereby offered to our employes. Let every inside man who wants to begin work quietly notify the general inside foreman and let every outside man notify the outside foreman. When a majority of our adult inside and outside men signify their desire to begin work this colliery will be started. Foremen will not make

known the names of the men aplying

for work. "C. PARDEE & CO." Pittston, Pa., June 30 .- All the strikng engineers and pump men in this city, about thirty-five in number, reported for duty to-day. The majority of them were given employment, but a number were stood aside until the imported men now at work could be provided for in other directions. The firemen refused to join the movement. This action, it is said, was determined upon this ditrict there are about forty enrineers and pump runners still out, but it is believed that before the end of the to-day by her designer, J. H. Jones, and

week they all will be back at work. The Citizens' alliance of Wilkesbarre offers rewards aggregating \$5,000 for the arrest and conviction of all persons engaged in boycotting, hanging inshield, of Borton, and built by Smith, effigies and other criminal acts of intimidation prejudicial to the rights of American freedom. A reward of \$1,000 is offered for the arrest and conviction of any one who enters in a conspiracy to boycott any individuals, firms or corporations. For hanging anybody in efflgy \$500 reward will be paid.

ALABAMA MINERS OUT.

12,000 Stop Work Because Their De-

mands Are Refused. Birmingham, Ala., June 30 .- Over 12,-000 miners quit work to-day and a strike, which means serious discomfort to the Birmingham district, has begun. At a recent meeting of the operators and miners the latter demanded an eight hour day, a two weeks pay days, and 60 cents per ton, as the maximum price for mining coal, an increase of five cents. The operators refused to grant these concessions.

Charleston, W. Va., June 30 .- It is the impression here to-night that the coal strike in this state will be settled within the next few days on a reasonable basis, the operators making concessions. President Stevens, of the Chesapeake and Ohio Railroad company, came here to-day and to-night held a conference with the operators which lasted several hours. While nothing has been given out on the subject showing that a conclusive agreement was reached, yet enough has come from the executive session to indicate that Mr. Stevens has urged upon the operators that something must be done. The operators are influenced to act now as they are losing contracts and the majority cannot afford to remain idle. Developments are expected within the next forty-eight hours.

Keystone, W. Va., June 30,-The strike of the United Mine Workers in the Norfolk and Western coal fields is practically at an end. The strikers, excepting about 15 per cent., have returned to work. He expressed a belief that the men would all return to work in a short while, and that the whole matter would soon be

RACES TO SELECT SEAWANHAKA CUP CHALLENGER.

The Tecumseh, Owned by the Bridgeport Yacht Club, and Built in Wisconsin, Took One of the Three Contests Yesterday, While the Massasolt Designed by Crowninshield, of Boston, Captured the Other Two.

Bridgeport, June 30 .- In the first of the trials of the Bridgeport Yacht club to-day to select a challenger for the Seawanhaka cup, now held in Canada, the Tecumseh won the first race and the Massasoit won the other two. The first race was sailed in a very light breeze. In the second race the breeze increased, and at the finish of the third race there was a good whole-sall breeze blowing. On the whole, the day could be classed as fluky. When the races were started the wind was about eastsoutheast. It kept gradually hauling until the last race was sailed in a southwest breeze and it became necessary to send the boats over the reverse of the triangle.

Jennings and he had for a crew Edgar Sherwood on the main sheet, Leroy Gates on the jib sheet and Frank Gates.

When the weather was lightest it was most favorable to the Tecumseh, and when it breezed up the Massasoit found her element. In the chop that was kicked up on the last lace the Tecumseh seemed to lose her go, while the Massasoit took to it kindly.

The weather was so unpromising that it was 1:30 before the first race was started. The boats were well bunched at the start and by the official list they went over in the following order: Monsoon, Nutmeg, Secress, Filibuster,, Crusader, Frontenac, Tecumseh and Massasoit. In this fleet the Monsoon took the windward position at the line, and all of the boats which came over clear of the leader hugged the windward end. They went over the line on the port tack and the Secress was first to tack to port, crossing the Monsoon's bow. Then they all split, but the Monsoon Nutmeg and Crusader hung to the port tack. The Tecumseh commenced to esablish a lead when about half of the windward leg had been covered. She then tacked ahead of the Nutmeg and to weather of the Massasoit. From this time on she gradually pulled away and rounded the first mark nearly a

minute to the good. On the next leg, which was a reach, early all of the boats set spinnakers and let the pole go forward of the bowsprit to get the advantage of increased sail area. The Tecumseh kept pulling ahead all the time, and at the second mark she was about five minutes to the ood. On the run in the Nutmeg gained somewhat, but the Tecumseh finished with room to spare.

On the second race, which was started at 3:05, the Filibuster got the best of the start on getting over the line, but the Crusader had the windward position. The breeze had been hauling to the southward and had increased slightly in strength. This was much to the liking of the Massasoit, which gradually walked up from fifth position at the start to the lead.

The order at the first mark was: Massasoit, Frontenac, Crusader, Tecumseh Secress, Nutmeg, Monsoon and Filibus-
